Kettle Park's Commitment to Ending Alzheimer's

Kettle Park is proud of our ongoing commitment to help find a cure for Alzheimer's disease. This fall, we hosted two fundraising events to support these efforts.

The Alzheimer's Association leads the way to end Alzheimer's and all other dementias by accelerating global research, driving risk reduction and early detection, and maximizing quality care and support.

Thanks to the incredible generosity of our community, we raised **\$2,123** for the **Wisconsin Chapter of the Alzheimer's Association**. Donations from our **Oktoberfest silent auction**, the countless hours residents and staff dedicated to preparing for our **Bake and Craft Sale on October 24th**, and funds raised independently by staff all contributed to this success.

We are deeply inspired by the compassion and generosity of everyone who participated. Encouraged by this year's success, we plan to host even more fundraising events in the coming year to continue supporting this important cause.
